Visit: givebutter.com/GAO23

Thank you for lending your support and giving your time to Give An Ounce 2023. Financial donations support a sliding scale fee for families in need of donor milk, free lactation services, and our bereavement donation program.

Supporters like you are critical to the success of Give an Ounce. Sharing your personal experience with The Milk Bank shows how connected we all are - and how important our mission is to families.

Nervous about fundraising? Don't be! Give An Ounce encourages supporters to give just $5 (about the cost to process one ounce of donor milk). Let's get started!

Creating your Fundraising Page
1. Visit givebutter.com/GAO23 to view the main fundraising page.
2. Click the "Fundraise" button below the video and progress bar.
3. Sign up with Givebutter (prompts on the screen to walk you through).
4. Select, "Create your own team."
5. Create a team name & upload a picture! We suggest a photo of you or your recipient child. Set a fundraising goal. $250 is a nice start, but go with your comfort level! Build connection by adding your story. How did you learn about The Milk Bank? How did donor milk help? Why is this important to you?
6. Click "Join this fundraiser" to create your page.
7. Share your story and your page with your friends, family, and community!

100% of funds raised will be used to support The Milk Bank's lifesaving mission.
